Assessment Report

Explainable cross-border transaction risk decision support

Reference	DEMO-EXPORT-001
Assessment	v1 / demo-assessment-public-safe
Generated from	2026-10-21T16:45:00Z
Recommendation	REFER
Workflow status	pending_review

Transaction

Product	Commercial refrigeration components
Route	CN to US
Amount	USD 85000.00
Payment	letter_of_credit / 60 days / 20.00% deposit
End use	Installation in public-safe demonstration cold-storage facilities

Risk overview

Dimension	Result
Identity Kyb	Reviewed
Compliance	Clear
Transaction	Medium
Commercial Credit	Medium
Country Logistics	Not Evaluated
Portfolio Concentration	Not Evaluated

Model estimate

Calibrated synthetic severe-delinquency probability: **13.8%**. Risk band: **medium**. Confidence: **high**.

Decision, evidence, and reproducibility

Reasons and decision

- New Counterparty Long Terms

- Limited Transaction Documents

Decision summary: Extended payment terms require accountable human risk review.

Limitations

This report supports human review. The model was trained only on synthetic demonstration data and must not be used for lending, credit denial, sanctions confirmation, legal advice, or autonomous trade approval. Screening candidates require evidence-based human resolution. Reassess when transaction facts, counterparties, lists, rules, or model versions change.
